

Terry Fox P.S. Public School

School Bullying Prevention and Intervention Plan

At Terry Fox Public School we believe the most effective means to address bullying is through a comprehensive, school-wide approach that engages all stakeholders – students, parents, guardians, staff, School Council, volunteers and the community.

This school-based plan aligns with the Kawartha Pine Ridge District School Board’s Bullying Prevention and Intervention Plan. Our school plan promotes a school-wide approach to ensuring we have a safe, inclusive, and accepting school environment free from bullying, harassment, discrimination and other inappropriate behaviours.

The Board’s Bullying Prevention and Intervention Plan, as well as our school’s plan, reflect the Ministry of Education guidelines.

.....

The Ministry of Education defines bullying as follows:

Bullying - means aggressive and typically repeated behaviour by a pupil where,

- (a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of,
 - (i) causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual’s reputation or harm to the individual’s property, or
 - (ii) creating a negative environment at a school for another individual, and
- (b) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education (“intimidation”).

For the purposes of the definition of “bullying” above, behaviour includes the use of any physical, verbal, electronic, written or other means.

Cyber-bullying

For the purposes of the definition of “bullying” above, bullying includes bullying by electronic means (commonly known as cyber-bullying), including,

- (a) creating a web page or a blog in which the creator assumes the identity of another person;
- (b) impersonating another person as the author of content or messages posted on the internet; and
- (c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

In other words, bullying:

- is a deliberate act to harm or exclude someone or “put someone down”
- usually happens more than once over time
- involves someone having more power over another and abusing that power
